

Leadership through innovation

2/2 High Pressure Valves

The New, High Performance, Long Life High Pressure Valves for Semi & Fully Automatic "PET" Blow Moulding Machines

NPC114EH

NPC115EH

NPC116EH

Salient Features

- Longer life with use of polymer seals
- Fast Response Time
- Compact & Light Weight
- Manifold Mounted

Specifications

Model No.	NPC114EH	NPC115EH	NPC116EH
Port Size	1/2" BSP	3/4" BSP	1" BSP
Orifice	13mm	16mm	24.5mm
Design	Poppet Type, External Pilot Operated		
Operating Pressure	5 to 40 bar		
Ext. Pilot Pressure	3 to 8 bar		
Ext. Pilot Connection	4mm O.D		
Seals	Polymer		
Body M.O.C	Aluminium, Hard Anodized		
Coil Voltage	230VAC / 24 VDC
